

Hungary Roundtrips in Hungary

Hungary's location in the centre of Europe along with its hospitable attitude makes it one of the best places from which to embark on an Eastern European journey. It is both European and distinctly Hungarian, incorporating a mixture of history and the present-day.

Ride and discover with us Hungary's unmatched richness in sights including historical monuments, vivid culture, and enjoy the famous hospitality of Hungarians. Within only one week, you can see sceneries as Budapest, the "Pearl of Europe", the picturesque Dunakanyar, Hortobágy, the plains registered as a UNESCO World Heritage, and Europe's largest sweet-water lake, Balaton. Get a taste of the most remarkable products of the world famous Hungarian gastronomy and wines in the most frequented winegrowing regions and then you may relax and refresh yourself after the ride in Hungary's thermal baths meeting the expectations even of the most critical.

During the ride setting out from Budapest, we will visit Hungary's most illustrious regions from Dunakanyar through Northern Hungary to Hortobágy. Next, having discovered the most beautiful landscapes of the Southern Transdanubia region, we shall be heading out to the Lake Balaton, discover the southern and then the wondrous northern shores and finally return to Budapest, where we started the ride.
